

GREEN

For years Trento, our city, has been among the top greenest cities in Italy. We are particularly encouraged to give our best by having this great example.

33

The animals we have adopted thanks to our commitment to the WWF.

-100%

PLASTIC

We have totally eliminated plastic from our packaging.

CARTON

In our packaging we use only recycled carton and we guarantee their reusability and recyclability.

-80%

PAPER

We have drastically reduced the amount of paper we use in a year for the production of corporate information material.

8000

Thanks to our stainless steel bottles we avoid the use of around 8,000 plastic bottles over the course of a year.

ENERGY SUPPLIERS

Our suppliers are also sensitive to eco-sustainability, use environmentally friendly products and have an eye on the issue of separate waste collection.

-70 t

OF CO2

We have saved thanks to the 90 trees we planted with Treadm.

-90%

ENERGY

We work almost exclusively with our thin clients, consuming about 1/10 of the energy compared to the use of normal PCs.
