

Domino NEXT

The All-In-One with integrated webcam to support collaborative work

Power and flexibility at your fingertips

Choosing Domino NEXT guarantees all the advantages of a thin client and allows you to optimize the organization of work environments, minimizing the necessary cable connections and the amount of space occupied.

Versatility up to 3 monitors with 4K support

Domino NEXT is an elegant, essential and compact workstation that also allows to connect 2 other monitors, each one up to 4K. The integrated 24" Full HD monitor is easily adjustable vertically, tiltable and rotatable up to 90°.

Increased efficiency and reduced costs

Domino NEXT simplifies overall management and saves time and installation costs. The power of the Quad-Core Intel Pentium N6005 processor integrated with the quality of LG monitors are an ideal combination of functionality and flexibility.

A complete solution for multitasking

The Type-C USB port, the 6 USB ports (including 4 of the 3.2 type), the retractable Full HD webcam, the Ethernet, Wi-Fi 6 and Bluetooth connectivity already integrated make Domino NEXT a complete workstation, ready to collaborate with your team.
